Extensive guarantee

Latex Free

**ISO  
7376**

ISO 7376 compatible

Compatible blades are colour coded

## SPECIFICATION

A polished metal collar reflects and directs light up towards the fibre core of the blade for maximum illumination.

Clear product branding with the product code and CE located on the opposite side to the Xenon logo. The LOT number is shown on the top of the handle.

Knurled handle design provides excellent grip.

Fully autoclavable metal handle (excluding bulbs), covered by a 5 year guarantee or 4,000 autoclaves, whichever is sooner. See website for full terms and conditions.

Super-bright replaceable 2.5V Xenon bulb providing excellent, white illumination with a LUX output of 9,750. Bulbs provide up to 15 hours of use and a colour temperature of 3,050(k).

Colour coded band to clearly identify it is ISO 7376 fitting compatible with green fitting reusable and single use blades.

Powered by dry cell batteries or easily converted to a rechargeable handle by using the Timesco R Lithium Engines.

Secure screw cap for easy access to batteries.
